PROFESSIONAL SUMMARY

Senior product designer with 5+ years shipping AI-powered, SMB, and enterprise products end to end. Designed and launched LLM-powered conversational and agentic support experiences at Autodesk, reaching 87% self-service resolution and 91% instant digital resolution. Prototyping in front-end code (HTML/CSS/JS) with **Claude Code and Cursor** to validate design concepts fast and tighten engineering handoff. Comfortable owning ambiguous, fast-moving problem spaces alongside product, engineering, research, and data science.

EXPERIENCE

Senior UX Designer (Product Design) — Autodesk, Inc.

Aug 2022 – Present · Remote — Seattle, WA

- **Conversational AI, Autodesk Assistant** — Designed and launched an LLM-powered conversational assistant for pre-sales and support across Autodesk's web ecosystem; partnered with data scientists to integrate AI-driven product recommendations. Reached **87% self-service resolution and 80% response accuracy**.
- **Agentic in-product support, AutoCAD / Revit / Fusion** — Designed in-product agentic assistance that balanced autonomous resolution with human escalation across three technical products. Drove **91% Instant Digital Resolution and a 60% improvement in support effectiveness**.
- **Post-purchase account experience, SMB** — **Leading end-to-end design of Autodesk's signed-in account portal** for small business customers, improving subscription, billing, and account management workflows through a series of customer-focused experiments.
- **AI-assisted rapid prototyping** — **Strong inclination towards** building functional front-end prototypes in HTML/CSS/JS using **Claude Code and Cursor** to validate solutions, reduce ambiguity, and shorten engineering handoff cycles.
- **Account experience vision & strategy** — Partnered with UX and content design to define the future vision for the signed-in account experience, delivering executive-ready concepts and narrative frameworks in six weeks that aligned senior stakeholders and shaped the long-term account roadmap.
- **Customer Success Planning** — Led end-to-end design of a customer success planning tool for mid-market customers in an ambiguous problem space; ran JTBD discovery, design-thinking workshops, and delivered MVP storyboards with UX research. **Launched July 2025; 71.8% retention and 19.2% renewal rate in the first year post-launch**.
- **Delivered Autodesk wide TechX talk on Context-driven dashboards: From Metrics to Meaning**. This was well recognized and appreciated by leadership. A total of 180 participants attended as the audience for the talk.

UX Designer — American Express (via IntraEdge)

Dec 2021 – Aug 2022 · Phoenix, AZ

- **Global Commercial Services Portal** — Designed the enterprise client-access dashboard (status, reports, payments, statements), delivering polished, trustworthy UI for a complex financial workflow.
- **Amex Corporate Products** — Built journey maps, wireframes, and prototypes aligned to the American Express Design Language System; **drove a 30% increase in user engagement**.
- **Design-thinking workshops** — Partnered with the Digital Experience team to **cut user pain points by 40%** on Client Access Reporting and Bank Statements.

UX Designer — Fuzzy Math LLC

Oct 2021 – Dec 2021 · Chicago, IL

- Led UX and visual design for a food-servicing platform — ran client design workshops, set UX strategy, and **established a comprehensive design system** for the platform UI.
- Ran an accessibility-focused heuristic evaluation for a health-services portal, **improving usability by 20%**.

Customer Experience Design Intern — Amtrak

Jan 2021 – May 2021 · Washington, DC

- Designed corporate lock-screen experiences (Android & iOS) within Amtrak's design lifecycle — **+25% usability and satisfaction in two months.**
- Ran usability testing and shipped a new COVID-19 form and ticket-booking flow that improved user efficiency.

Design Co-op, Usability Testing — Design Science Group

Aug 2020 – Dec 2020 · Philadelphia, PA

- Partnered with human-factors engineers and researchers on usability testing across 10 medical-device test cases; authored compliant Instructions-for-Use manuals.

UX Design Analyst — Accenture

Jul 2018 – Jun 2019 · Bengaluru, India

- Designed UX for ML/AI-powered products (Data Intelligence Suite – An Accenture product), built its **brand style guide and design system**, and collaborated cross-functionally with data analysts and developers in an agile environment.

SKILLS

Product Design · End-to-End Product Thinking · AI-Native & Conversational Design · Agentic Experience Design · Rapid Prototyping (design tools + front-end code, AI-assisted) · Polished UI Craft & Visual Design · Design Systems · Developer & Enterprise SaaS Tooling · Complex Workflow Design · Interaction Design · UX Strategy · Information Architecture · User Research & Usability Testing · Customer Journey Mapping · Data Visualization · Cross-Functional Collaboration

TOOLS

Design & Prototyping: Figma, Figma Make, Sketch, Axure RP, Adobe Creative Cloud, Zeplin, InVision

Front-end / Code: HTML, CSS, JavaScript (AI-assisted prototyping with Claude Code and Cursor)

AI Tools: Claude Code, Cursor, ChatGPT, GitHub Copilot, Perplexity, Gemini

Collaboration: Jira, Confluence, Asana, Airtable

ACHIEVEMENTS

- **Speaker, Autodesk TechX 2026** (company-wide global technology conference) — presented “Context-Driven Dashboards in an AI-Native World” to 200+ attendees including Directors, VPs, and SVPs.
- Nominated for the **‘Trend Setter’ award** at Autodesk as a Senior Designer.
- Led customer-feedback workshops at **Autodesk University 2024, 2025 and 2026**

EDUCATION

- **M.S., User Experience & Interaction Design** — Thomas Jefferson University, Philadelphia, PA · Aug 2019 – May 2021
- **B.Des, Graphic Design** — MIT ADT University, Institute of Design, Pune, India · Jul 2014 – Jun 2018
